AUDITORS' REPORT TO THE MEMBERS ON REVIEW OF INTERIM FINANCIAL INFORMATION

Introduction

We have reviewed the accompanying condensed interim financial position of **Trust Securities & Brokerage Limited** as at December 31, 2019, the related condensed interim statement of profit or loss, condensed interim statement of other comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the 'Interim Financial Statements'). Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial statements based on our reviews.

The figures included in the condensed interim profit or loss account for the quarters ended December 31, 2019 and 2018 and the notes thereto have not been reviewed as we are required to review only the cumulative figures for the six months period ended December 31, 2019.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all materials respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the audit resulting in this independent auditor's report is Muhammad Yameen.

2 BASIS OF PREPARATION

2.1 Basis of Measurement

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

This condensed interim financial statements are unaudited but subject to limited scope review by the statutory auditors as required by the Companies Act, 2017. The figures of the condensed interim statement of profit or loss and loss account and condensed interim statement of comprehensive income for the quarters ended December 31, 2019 and December 31, 2018 have not been reviewed by the statutory auditors of the Company as they have reviewed the cumulative figures for the six months ended December 31, 2019 and December 31, 2018.

2.2 Functional and presentation currency

The financial statements are presented in Pak Rupees, which is also the Company's functional currency. All financial information presented in Pak Rupees has been rounded to the nearest rupee.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and the methods of computation adopted in the preparation of this condensed interim financial report are the same as those applied in the preparation of the financial statements for the year ended June 30, 2019 except for following:

3.1 Impact of IFRS 16 'Leases'

The Company adopted IFRS 16, Leases, for its annual reporting periods beginning on July 1st, 2019.

IFRS 16 'Leases' is issued by International Accounting Standards Board (IASB) in January 2016 which supersedes IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases-Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'.

IFRS 16 introduces new requirements for lease accounting model for leases entered by the lessee. A lessee recognizes a right-of-use asset representing its right of using the underlying asset and a corresponding lease liability representing its obligations to make lease payments. Lessor accounting largely remains unchanged i.e. lessors continue to classify leases as either finance or operating leases.

The Company has adopted IFRS 16 using the modified retrospective restatement approach and has not restated comparatives for the 2019 reporting period, as permitted under the specific transitional provisions in the standard.

On adoption of IFRS 16, the Company has recognized liabilities in respect of leases which had previously been classified as operating leases under IAS 17. These liabilities were initially measured as the present value of the remaining lease payments, discounted using the Company's incremental weighted average borrowing rate of 13.44 % per annum at December 31, 2019. The lease liability is subsequently measured at amortized cost using the effective interest rate method.

	<i>(Un-Audited)</i> <i>December</i> <i>2019</i> <i>Rupees</i>	<i>(Un-Audited)</i> <i>July 01,</i> <i>2019</i> <i>Rupees</i>
Total lease liability recognized	<u>3,645,492</u>	<u>4,701,518</u>

On adoption of IFRS 16, the associated right-of-use assets were measured at the amount equal to the lease liability, adjusted by the amount of prepaid lease payments recognized in the statement of financial position immediately before the date of initial application.

The right-of-use assets recognized subsequent to the adoption are measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred. The right-of-use assets are depreciated on a straight line basis over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. The right-of-use assets are reduced by impairment losses, if any, and adjusted for certain remeasurements of lease liability.

The recognized right-of-use assets relate to the following type of asset:

	<i>(Un-Audited)</i>	
	<i>December</i>	<i>July 01,</i>
	<i>2019</i>	<i>2019</i>
	<i>Rupees</i>	<i>Rupees</i>
Office premises	<u>2,962,572</u>	<u>4,701,518</u>

The effect of this change in accounting policy is as follows:

Impact on Statement of Financial Position		
Increase in fixed assets - right-of-use assets	2,962,572	4,701,518
Impact on Profit or Loss account		
Increase in mark-up expense - lease liability against right-of-use assets	209,620	-
(Increase) / decrease in administrative expenses:		-
Depreciation on right-of-use assets	1,738,946	-
Rent expense	(2,097,996)	-
Increase in profit before tax	149,430	-

While implementing IFRS 16, the Company has used a single discount rate methodology for a portfolio of leases with similar characteristics.

4 ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of condensed interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended June 30, 2019.
